

-----FOR IMMEDIATE RELEASE-----

**73 WISCONSIN ADVOCACY GROUPS STAND AGAINST MANDATORY COVID-19
VACCINES IN WISCONSIN ON BEHALF OF 4000 HEALTHCARE WORKERS**

WISCONSIN (August 4, 2021) Wisconsin United for Freedom (WUFF), along with 73 other Wisconsin advocacy organizations have released an open letter to President Joe Biden and Governor Tony Evers urging them to support health freedom and vaccine choice for all Americans and Wisconsinites. The full text of the letter is below.

--

President Biden and Governor Evers,

Wisconsin United for Freedom, along with 73 other Wisconsin advocacy organizations, on behalf of 4,000 healthcare workers, are committed to health freedom and vaccine choice for every single man, woman, and child in the great state of Wisconsin and across the nation.

We are receiving an alarming number of private messages, emails, and phone calls from working professionals from across the entire state, including IT Professionals, Biopharmaceutical employees, educators, private-sector employees, union members, Registered Nurses, LPNs, NPs, technicians, therapists, and a very wide range of other healthcare support workers. They are seeking help in fighting for one of their most basic freedoms: control over their own bodies. We are standing for nearly 4,000 of them, some of who are afraid to come forward for fear of retribution, so hear us clearly that we firmly oppose:

- 1. Vaccine mandates of any kind, including but not limited to:**
 - Adult employer vaccine mandates and healthcare worker vaccine mandates
 - Vaccine mandates in our college institutions
 - Childhood vaccine mandates
 - SARS-CoV2 vaccine mandates
- 2. Vaccine passports**
- 3. Policies that include segregation and discrimination based on vaccination status**
- 4. Private medical information, such as vaccine status, being exposed**

Wisconsin United for Freedom has been attempting to meet with Governor Evers since May about vaccine mandates, but we have been completely brushed aside. We have left 19 voicemails in addition to 7 emails or website submissions, but, to date, our requests for a meeting have fallen on deaf ears.

We hear you loud and clear. You do not care. You do not care about our rights over our own bodies, our concerns, or our jobs. You do not care about our frontline workers, or respect their right to bodily autonomy. It is truly a tragedy that it has come to this - but we are telling you today, we will not back down from this fight.

Respectfully,

Wisconsin United for Freedom
